

Dear Concerned Parties,

IDEX Health & Science (“IDEX”) is fully aware of California’s Safe Drinking Water and Toxic Enforcement Act of 1986 (the “Act”), commonly referred to as Proposition 65. The Act requires “Warning Before Exposure to Chemicals Known to Cause Cancer or Reproductive Toxicity. No person in the course of doing business shall knowingly and intentionally expose any individual to a chemical known to the state to cause cancer or reproductive toxicity without first giving clear and reasonable warning.” The Proposition 65 chemical list can be found at:

<https://oehha.ca.gov/proposition-65/proposition-65-list>

IDEX Health & Science, LLC is the global leader in life science fluidics, microfluidics, and optics. Article 6 of the Act “Clear and Reasonable Warnings” provisions that warnings are required for consumer products which the Act defines as “any article, or component part thereof, including food, that is produced, distributed, or sold for the personal use, consumption or enjoyment of a consumer.” All products that IDEX Health & Science manufactures are intended to be used in commercial settings or as component parts of commercial products. IDEX Health & Science does not manufacture consumer products or components of consumer products and therefore warnings labels are not required. IDEX has no knowledge that the end use of our products can expose a consumer to a listed chemical. Should IDEX become aware of an instance where their product could expose a citizen of California to a listed substance, IDEX will provide clear and reasonable warning consistent with the Act.

IDEX Health & Science is dedicated to supplying our customers with products that are manufactured in accordance to the highest quality standards guaranteeing customer satisfaction in a globally competitive marketplace. IDEX Health & Science will continue to monitor the Proposition 65 list for any new chemicals and we will update our customers accordingly.
