1. Agreement

a. Except as may be expressly stated otherwise in the final offer, final quote or other final proposal submitted to Buyer by Seller in writing, by fax or by email ("Final Proposal"), these Terms and Conditions shall apply with respect to the supply of all products and components and parts therefor ("Products") and/or the provision of all services ("Services") by or through any IDEX Health & Science Unit ("Seller") to (i) any person or entity to whom these Terms & Conditions are furnished or made available with an offer, quote or proposal submitted by Seller, through Seller's website, or otherwise and (ii) any person or entity affiliated with any person or entity to whom these Terms & Conditions are furnished or made available (collectively, "Buyer"). The Final Proposal and these Terms and Conditions together shall constitute the

full, complete and final agreement and understanding between Buyer and Seller with respect to the supply of Products and/or the provision of Services by or through Seller. These Terms and Conditions together with the Final Proposal constitute the "Agreement", provided, however, that to the extent there is any conflict between these Terms and Conditions and the Final Proposal, the provisions of the Final Proposal shall control over the provisions of these Terms and Conditions. All Products supplied and all Services provided by or through Seller will be deemed to be supplied and provided solely upon and subject to the provisions of the Agreement, unless Buyer and Seller have negotiated and signed a separate formal written agreement for the supply of Products and/or the provision of Services that specifically refers to the Agreement and expressly states that it controls over the Agreement (an "Other Agreement"), in which event, if there should be any conflict between such Other Agreement and the Agreement, the provisions of such Other Agreement will control, but solely with respect to the particular Products supplied and/or the particular Services provided under such Other Agreement.

b. Seller objects to and rejects any provisions of any documentation submitted by or on behalf of Buyer, including but not limited to, any request for proposal, statement of work, purchase order, terms and conditions, release or shipping documents ("Buyer Documentation"), that differ from the provisions of the Agreement. No acknowledgement or acceptance by Seller of any Buyer Documentation shall create an Other Agreement or otherwise constitute acceptance of or agreement to any provisions of any Buyer Documentation that differ from the provisions of the Agreement. Seller's acknowledgment of Buyer Documentation shall merely constitute an acknowledgement of Seller's receipt of such Buyer Documentation and Seller's acceptance of Buyer Documentation shall merely constitute an acknowledgement of the particular Products and/or Services ordered by Buyer, the dates requested by Buyer for shipment or delivery of such Products and/or performance of such Services, the instructions of Buyer for shipment of such Products, and/or the price to be paid for such Products and/or Services, in each case, (i) only to the extent consistent with the provisions of the Agreement and (ii) without constituting acceptance of or agreement to any terms or conditions set forth or referenced in such purchase order that differ from the provisions of the Agreement.

c. The Agreement may be amended, modified or superseded only in a written instrument signed by Buyer and Seller that specifically refers to the Agreement and expressly states that it amends the Agreement.

2. Orders and Releases

Once accepted by Seller, an order or release from Buyer for Products or Services may be suspended, delayed or cancelled by Buyer only with the written approval of Seller. Seller may impose cancellation and other charges in connection with the suspension, delay or cancellation of an order or release for Products and Services, and, in addition to any other rights and remedies, may require that Buyer (i) purchase from Seller any and all completed custom or non-standard Products produced for such order or release, and any quantities of other completed Products produced for such order or release that exceed the quantities of such other Products that can be readily sold by Seller to third parties, and (ii) reimburse Seller for its inventory cost of any and all work-in-process, materials, components or parts for such order or release that cannot be readily used or reworked for other products that can be readily sold by Seller to third parties, any reworking costs related to reworking work-in-process, materials, components or parts for such order or release, and any cancellation and other charges payable to suppliers of materials, components or parts for such order or release.

3. Price and Surcharges

The prices and surcharges for Products and Services shall be the relevant prices and surcharges set forth in or determined in accordance with the Final Proposal. Prices set forth in a quote, acknowledgement, or price list are subject to change due to extraordinary market conditions. As used herein, “extraordinary market conditions” means any increase in the cost of fulfilling and/or delivering an order caused by changes in the market or for any other reason that is outside of Seller's control such as component inflation, tariffs, surcharges, increased logistics costs and fluctuations in currency and raw materials, which results in a price increase above the price listed in the Final Proposal or acknowledgment. Changes in price will be applied from the date on which customs duties or other “extraordinary market conditions” are entered into force or are passed on to Seller. Amounts may fluctuate in response to changing tariff structures or trade policies. Buyer agrees to promptly pay any such increase as set forth in an invoice.

Unless stated otherwise in the Final Proposal, all prices are FCA (Incoterms 2020) Seller's facility, and all prices are net prices to Seller and do not include any freight, shipping, special packaging or

handling, insurance, or taxes, levies, duties, tariffs, customs or other fees or charges of any nature imposed by any governmental authority, all of which (including any related withholding) will be the sole responsibility of and be required to be paid by Buyer. In the event Seller pays any freight, shipping, special packaging or handling, insurance, or taxes, levies, duties, tariffs, customs or other fees or charges that are the responsibility of Buyer, Seller may invoice Buyer therefor. Buyer's refusal or inability to accept or take delivery of Products shall not excuse Buyer from making payment for Products.

4. Payment Terms

Seller may invoice Buyer for Products upon shipment, and Seller may invoice Buyer for Services upon performance; provided, however, that (i) if Buyer requests a delay in shipment of Products, Seller may invoice Buyer for such Products prior to shipment, and (ii) if Buyer requests a delay in performance of Services, Seller may invoice Buyer for or such Services prior to performance. Unless provided otherwise in the Final Proposal, all payments must be made to Seller in the same currency as the relevant prices. If payment terms are stated in a Final Proposal, the payment terms for Products and Services shall be the payment terms stated in the Final Proposal. If payment terms are not stated in a Final Proposal, the payment terms for Products and Services shall be net thirty (30) days after date of invoice. Whether or not payment terms are stated in a final Proposal, Seller reserves the right, in its sole discretion, to require payment for Products in advance of production, in advance of shipment (e.g., C.I.A.), or upon delivery (e.g., C.O.D.) and to require payment for Services in advance of performance, if and whenever the account of Buyer or any of its affiliated entities with Seller or any of its affiliated entities is not current or Seller feels insecure concerning its receipt of payment. Payments by wire transfer shall be made in accordance with the wire transfer instructions set forth in Seller's invoice. Payments by check shall be sent to the payment location specified in Seller's invoice and otherwise be made in accordance with the payment instructions set forth in Seller's invoice. Each shipment of Products shall be considered a separate and independent transaction for which Buyer must make payment. If any amount payable to Seller by Buyer is not paid when due, Seller shall be entitled to recover from Buyer all attorneys fees and other costs and expenses it may incur in seeking to collect such past due amount and shall have the right to impose on Buyer a late charge on the past due amount from the date due until paid at the rate of 2% per month or, if less, the

highest rate permitted by law. Seller may pursue a collection action against Buyer in any court of competent jurisdiction to collect any past due amount.

5. Security for Payment

To secure the due and punctual payment of the price for Products and Services and other amounts payable to Seller by Buyer, Seller shall have and retain, and Buyer grants to Seller, a first lien and security interest in all Products, in all Other Products (as defined in Paragraph 9 (Other Products) below), and in all proceeds in respect of Products and Other Products. If the price for any Products or Services or any other amount payable to Seller by Buyer is not paid when due, Seller shall have and may exercise any and all rights and remedies of a secured party under Applicable Law and any and all other rights and remedies it may have by contract, at law or in equity. In addition to the rights and remedies it may have under Applicable Law or otherwise have by contract, at law or in equity, Seller shall have the right to withhold shipment of Products, to recall and retake Products, to repossess Products, to take possession of Other Products, and to direct Buyer's customers to make payment directly to Seller for Products and Other Products, all without notice to Buyer and without initiating any legal proceedings. Seller shall have the right to execute such documents, make such filings and take such other actions in its own name and/or in the name of Buyer and to require Buyer to make such filings, execute such documents and take such other actions, as Seller may deem necessary or appropriate from time to time to evidence and confirm its first lien and security interest and exercise its rights and remedies as a secured party.

6. Shipment, Delivery, and Performance

Seller will ship Products to the address and endeavor to use the carrier specified by Buyer in the relevant Buyer Documentation. If the relevant Buyer Documentation specifies "common carrier" or no carrier is specified, the Products will be shipped via such means as Seller selects in its sole discretion. If shipment of the Products does not take place on or prior to the confirmed ship date as a result of Buyer's failure to arrange for Buyer's freight forwarder and/or carrier to take delivery of the Products on the confirmed ship date, then, upon five (5) business days' notice to Buyer (which may be by email), (i) Seller shall be entitled to ship the Product to Buyer using a freight forwarder selected by Seller "FCA, Seller's facility (Incoterms

2020), freight prepaid and billed” and invoice Buyer for such charges; and (ii) Buyer shall pay to Seller such invoiced charges net thirty (30) days after date of invoice.

All quoted, proposed, agreed and scheduled shipment, delivery and performance dates are merely estimates, and Seller shall have no liability or responsibility for any penalties or damages in connection with late shipment or delivery of Products or late performance of Services. If any export approvals, authorizations licenses or permits are required in respect of any Products or Services, Seller shall not be required to ship such Products or perform such Services unless and until all such required export approvals, authorizations licenses and permits have been obtained.

Shipments and deliveries of Products and performance of Services may be made in installments in Seller's sole discretion. Title and all risk of loss or damage to each Product shall pass to Buyer upon deposit of such Product with the carrier for shipment in accordance with Incoterms set forth in the Final Proposal, and Seller shall have no liability or responsibility for any loss or damage to a Product thereafter. If Buyer requests a delay in shipment of Products, Seller may impose storage and handling charges in connection with the delay. Any claim that the wrong Product or the wrong quantity of Product was shipped must be asserted within 30 days of the date of shipment, and, unless written notice of a wrong Product or a wrong quantity of Product is received by Seller within 30 days after the date of shipment, Buyer shall be barred from asserting any claim for wrong Product or wrong quantity of such Product.
